Content

Health and Social Care SCQF Level 6 is a qualification for people who want to work in a variety of healthcare or social services setting and in a variety of roles, supporting people with varying needs.

It will give you a deep understanding of working with people, and through the mixture of practical and theory-based classes, it will help you to integrate knowledge and theory into practice, including the importance of anti-discriminatory practice, in line with the Health and Social Care Standards and Scottish Social Services Council Codes of Practice.

You may study:

Human development and behaviour; Social influences; Values and principles; Understanding mental health and mental illness; Stress and stress management; Working in health and social care settings; Understanding and supporting people in health and social care.; Practical care skills; Communication.
