

Electrical and Electronic Engineering (2nd or 3rd year entry)

UHI North, West and Hebrides

Venues			
Stornoway Thurso			
Content			

Electrical and electronic engineering is a rapidly growing field, with expanding opportunities in practically every product from electrical super-grids to nanoscale bio-electronics. This course, which is highly industry relevant will prepare you for a rewarding career in a vast majority of industries from offshore oil to the National Health Service.

The degree is applications-based using specialist software, laboratory investigations and case studies. It will provide you with the specialist knowledge and broad engineering skills required to find innovative solutions to multiple challenges, ranging from solving the global energy crisis to designing life-saving equipment.

multiple challenges, ranging from solving the global energy crisis to designing life-saving equipment. Start Date

Qualification

Degree

September

Study Method

Full time

Award Title

BEng Hons

UCAS Code

H601

Course Length

2 - 3 years

Department

Engineering, Construction and Technology

Entry Requirements

HNC or HND Engineering Systems, Electrical or Electronic Engineering

SCQF Level

10

Progression Routes

 ${\it ``Progression Routes"}$

Combination Courses

``htmlCombinationCourse''

«htmlCombinationUCASCode»

Address

Ormlie Road Thurso Caithness KW14 7EE
