Engineering Practice (incorporating NC Engineering Systems)

UHI North, West and Hebrides

Venues

Thurso

Content

The course covers both theory and practical subjects to develop skills across a range of units to increase knowledge of engineering systems and engineering practice.

This programme combines the NC engineering systems with the SVQ Level 2 Performing Engineering Operations. These qualifications satisfy the foundation training for a modern apprenticeship across a range of engineering disciplines.

Employment opportunities through good employer links and potential route to a 2nd year apprentice.

Start Date

August

Qualification

SVQ

Study Method

Full time

Award Title

at SCQF Level 5

Course Length

1 year

Department

Engineering, Construction and Technology

Entry Requirements

National 4 English, Maths and a science or technological subject, SfW Engineering Skills preferred. Interview.

SCQF Level

5

SCQF Points

«SCQFPoints»

Progression Routes

Modern Apprenticeship in Fabrication and Welding Engineering or further study at SCQF Level 6 and above.
