

Physics with Philosophy

University of Aberdeen

Venues

Old Aberdeen Campus

Content

Physics at Aberdeen offers a thoughtful balance between understanding basic principles of physics and showing how physics can be applied to other areas of science.

The fascination with how the world works used to be called “Natural philosophy” and there was little distinction between a physicist and philosopher. If you want to explore the big questions of “life, the universe and everything” understanding how the universe works, but also thinking about the philosophical ramifications of these great theories - this could be the degree for you, consisting of a 75% component of physics and a 25% component of philosophy.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

F3V5

Course Length

4 years

Faculty

Physical Science

Department

Natural and Computing Sciences

Entry Requirements

2026 entry requirements:

Standard entry:

4 Highers at BBBB including Maths and Physics plus English, Maths and Chemistry or Physics at National 5.

For second year entry you would require the above plus Advanced Higher Maths and Physics at AB or BA.

Widening access entry:

3 Highers at BBC including Maths and Physics plus English, Maths and Chemistry or Physics at National 5.

1 Foundation Apprenticeship is accepted in place of a non-essential Higher.

SCQF Level

10
