

Robotics and Mechatronics (Subject to approval)

Robert Gordon University

Content

Explore the fundamentals of robotics through a mix of theory and hands-on projects designed for aspiring makers, engineers, and innovators! Learn to build and program robots using sensors, motors, and AI. Through practical challenges, you'll develop problem-solving skills, creativity, and technical expertise - preparing for the future of automation and robotics!

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BEng Hons

UCAS Code

H730

Course Length

4 years

Department

School of Computing, Engineering and Technology

Entry Requirements

2027 entry requirements

4 Highers at BBCC including Maths and Engineering Science, Chemistry, Physics or another technological subject plus English at National 5 (if not held at Higher).

SCQF Level

10

Progression Routes

«ProgressionRoutes»

Combination Courses

«htmlCombinationCourse»

«htmlCombinationUCASCode»

Address

Garthdee House
Garthdee Road
Aberdeen
AB10 7QB
