Content

This pre-cadetship programme will give you experience of all three areas and allow students who may not have the required entry requirements for a Diploma Cadetship to start their journey.

You will focus on several key subjects including:

Transverse Stability; Nautical Science: An Introduction; Maths for the Maritime Industry; Marine Mechanics: An Introduction.

Additionally, you will also focus on your development, communication, teamwork and employability skills. The course will give you a taste of all three Merchant Navy career streams, giving you a real insight into what each department onboard a ship does.
