Content

The PACE (Pathway for achievement, Confidence and Education) programme provides a self-development pathway to help participants develop a positive approach to their education as well as help to identify next steps in their own learning and skills development journey.

Each cohort will be made up of about 12-15 young people aged between 16-25 years for a period of 18 weeks. By participating in vocational units this programme aims to support young people to develop their confidence, resilience, and self-esteem.
