Advanced Certificate: Furniture with Product Design (Level 6)

Fife College

Venues

Glenrothes Campus

Content

This course is for those with an interest in designing and making furniture and products, learning more about traditional skills to become a craftsmen blended with innovative techniques and experimentation of scale to create functional pieces of furniture for everyday use.

You will learn a variety of skills that will allow you to understand furniture, research concepts and develop suitable solutions to a design brief. Hand skills will mainly be used in block 1 focussing on drawing and creating using skills to master hand methods. In block 2 this will develop modern techniques such as CAD, machine skills and use innovative and sustainable materials to develop a personal style.
