

Civil Engineering

Glasgow Kelvin College

Venues

Springburn Campus

Content

The HNC Civil Engineering at Glasgow Kelvin College provides the technical knowledge and professional skills you need to begin a successful career in civil engineering — from design consultancy and contracting to infrastructure and environmental development.

As Scotland's largest college provider of Civil Engineering, Glasgow Kelvin delivers qualifications from NC through to HND level, across full-time, part-time and day-release options.

You'll study a broad range of civil engineering disciplines that combine theory, technical design and practical fieldwork, including:

Civil Engineering Specialisms; Contract & Project Management; Materials and Testing; Surveying; Structural Mechanics & Substructure; Geotechnics; Mathematics for Construction; CAD & Civil Engineering Technology; Graded Unit 1.
