

Access to Engineering (Level 5)

Edinburgh College

Venues

Midlothian Campus

Content

Access to Engineering is an entry-level course designed to give you the first step toward further study and a career in engineering.

This is an excellent option for preparing for a Modern Apprenticeship as it combines a range of practical skills with theory. Alternatively, if you choose a more academic route, it will give you the necessary grounding to pursue further full time study.

You will study:

Mechanical and Electrical Principles; Engineering Test and Measurement; Design and Manufacture; Graphic Communications including Computer Aided Draughting; Practical Workshop skills; and Maths and Communication.

Start Date

August

Qualification

Other

Study Method

Full time

Course Length

1 year

Department

Engineering

Entry Requirements

No formal entry requirements.
