

## Accounting and Finance (Level 6)

Edinburgh College

### Venues

Sighthill Campus

### Content

This full-time course is designed to equip you with essential qualifications and practical skills in bookkeeping and financial services, laying a strong foundation for a successful career in accountancy, finance, or business.

You will learn:

Bookkeeping and financial controls require precision and accuracy, which helps you develop a strong attention to detail;

Managing tasks such as spreadsheets and understanding regulatory frameworks encourages proactive learning and accountability;

You will interpret financial data, identify patterns, and solve problems—especially in modules like Spreadsheets for Accounting and Principles of Bookkeeping Controls;

Understanding financial services and regulatory environments fosters the ability to evaluate information and make informed decisions;

Explaining financial concepts and collaborating on tasks builds clear, professional communication skills;

Group work or shared projects (spreadsheet tasks) help you develop teamwork and interpersonal skills;

Exposure to a range of financial tools and regulatory topics prepares learners for dynamic work environments;

Utilising spreadsheets and financial software enhances confidence in digital tools—essential for modern finance roles.

### Start Date

January

### Qualification

Other

### Study Method

Full time

### Course Length

1 year

### Department

Enterprise and Commerce

## Entry Requirements

4 relevant subjects at National 5 including English and Maths

## SCQF Level

6
