Audio Production (in conjunction with Kingston University London) (Advanced entry)

Edinburgh College

Venues

Milton Road Campus

Content

This BA Hons top-up degree, validated by Kingston University London, is delivered over one year, as opposed to the two years typically required in Scotland. This new and innovative programme is led by you. You will design and deliver individual professional projects in your specialist area, equipping you with the skills and knowledge required to create something of your own in the industry.

Through a range of lectures, seminars, and individual supervision, you will be able to explore and specialise in a range of audio production areas (commercial music production, audio for gaming and interactive media, sound design, sample-pack creation, electronic music production, post-production, sound for live and broadcast settings).
