Engineering with Foundation

Heriot-Watt University

Venues

Edinburgh Campus

Content

The BSc (Hons) Engineering with Foundation is an alternative route to begin your degree offering direct entry to second-year study across our undergraduate degrees. It provides you with foundational knowledge in engineering, where you can choose your courses depending on your specific interests and career aspirations.

Towards the end of your first year, you will have the opportunity to work closely with your academics to identify which undergraduate degree programme you will progress onto in second year. It can be overwhelming choosing a degree before starting university, so this approach means that you can make your decision based on your learning.

Start Date

September, January

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

GC33

Course Length

4 years

Faculty

Science, Technology, Engineering and Mathematics (STEM)

Department

STEM Foundation Programmes

Entry Requirements

2027 entry requirements

3 Highers at CCD including Maths or a science subject plus English and Maths at National 5.

SCQF Level

10
