

## Business and Law

Open University in Scotland

### Content

Explore the dynamic world of business and law, where strategy meets regulation and innovation thrives. This degree equips you with the skills to navigate legal complexities, drive business success, and make a real impact. You'll study core business and management topics, gain insight into civil justice and contract law, and understand how organisations function. In the final part of the degree, you'll focus on business strategy and choose legal subjects that match your interests. Along the way, you'll build expertise in decision-making, risk management, and ethics, preparing you to lead, innovate, and advocate in a fast-paced, highly regulated world.
