Energy and Environmental Engineering

Edinburgh Napier University

Venues

Merchiston Campus

Content

This MEng programme is meticulously designed to equip you with advanced technical knowledge, professional skills, and a deep understanding of engineering principles, contributing directly to your personal and professional growth.

The inclusion of cutting-edge modules, especially in the final year, ensures that you are not just ready for the current job market but are also prepared to be a pioneer in your field, thus fostering an environment of innovation and personal development that is at the core of the University's values.

The MEng programme has been aligned with Scottish Government’s strategies and Scottish Engineering’s Net Zero Awareness programme, ensuring that the skills imparted are relevant to the future needs of the engineering sector.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

MEng Hons

UCAS Code

HJ69

Course Length

5 years

Department

Engineering
