

Artificial Intelligence

University of Glasgow

Venues

Gilmorehill Campus

Content

This programme is a holistic and forward-thinking degree that blends deep theoretical knowledge with real-world application. There is strong focus on foundational mathematics, statistics, and core AI principles. The programme will empower you to innovate and lead transformative change in technology.

You will be encouraged to explore cross-disciplinary applications in health and finance, building a well-rounded skill set that is both adaptable and impactful.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

H763

Course Length

4 years

Faculty

College of Science and Engineering

Department

James Watt School of Engineering
