

## Microbiology

University of Dundee

### Venues

City Campus

### Content

The Microbiology degree programme at Dundee deals with aspects of the subject ranging from those of medical importance (such as infectious diseases and immunology) to those of environmental and biotechnological importance (such as control of pollution and bioremediation).

Major areas of microbiological research include aspects of fundamental and applied microbiology, ranging from mechanisms by which microbial pathogens and their hosts interact to environmental decontamination, and involve molecular, cellular and environmental studies using model organisms as well as those of health and economic significance.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

C500

### Course Length

4 years

### Faculty

School of Science & Engineering

### Department

Biological Sciences and Biomedical Sciences

## Entry Requirements

2027 entry requirements:

4 Highers at BBCC (BCCC for widening access entry) including Biology or Chemistry plus National 5 Maths, Biology and Chemistry.

## SCQF Level

10

## Progression Routes

«ProgressionRoutes»

## Combination Courses

«htmlCombinationCourse»

«htmlCombinationUCASCode»

## Address

Nethergate  
Dundee  
Dundee City  
DD1 4HN
