

Life Sciences (Widening Access Programme) (in conjunction with Dundee and Angus College)

University of Dundee

Venues

City Campus

Content

The aim of the first year, taught primarily at Dundee & Angus College, is to provide you with a strong foundation in basic science, giving you the core knowledge and skills to continue in your Life Sciences studies. Key areas will be supplemented through sessions supplied by the School of Life Sciences which will be taught on the University campus.

You will matriculate as a University of Dundee student with full access to all the resources and facilities. On successful completion of first year you will transfer directly into year 2 of the Life Sciences programme at the University of Dundee.
