Biological Sciences (with a year in industry)

University of Dundee

Venues

City Campus

Content

Biological sciences is the growth industry of the 21st century, with increasing capacity for humans to intervene in, control and perhaps repair defective biological systems. Genetic manipulation of plants and animals, in particular, offers enormous possibilities for improving our lives but, at the same time, there are inherent dangers present in the unthinking application of these techniques. The next generation of professional biologists will have to play an important role, not only in the continued development of such methods, but also in deciding how they can be responsibly and safely applied.

The Biological Sciences degree gives you the opportunity to study a wide range of different aspects of the life sciences, or to delay your subject specialisation until you have gained experience of a variety of different subject areas.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

C101

Course Length

5 years

Faculty

School of Science & Engineering

Department

Biological Sciences and Biomedical Sciences

Entry Requirements

2027 entry requirements:
4 Highers at BBCC (BCCC for widening access entry) including Biology or Chemistry plus National 5 Maths, Biology and Chemistry.

SCQF Level

10

Progression Routes

«ProgressionRoutes»

Combination Courses

«htmlCombinationCourse» «htmlCombinationUCASCode»

Address

Nethergate
Dundee
Dundee City
DD1 4HN
