

## Biomedical Sciences (with a year in industry)

University of Dundee

### Venues

City Campus

### Content

Biomedical Sciences encompasses a broad range of inter-related life sciences disciplines. These concern the structure and function of the human body in health and disease.

Biomedical scientists research new and improved ways to diagnose and treat human diseases. These contribute to improvements in human health and wellbeing in general.

At Dundee the biomedical sciences focus on: the structure and normal function of the human body; the effects of disease and ways to prevent and treat disease; the study of anatomy in relation to health, disease and human identification; the study of physiology from the molecular level to that of the whole organism; understanding how the brain and nervous system function in health and disease; understanding how drugs work.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

B901

### Course Length

5 years

### Faculty

School of Science & Engineering

## Department

Biological Sciences and Biomedical Sciences

## Entry Requirements

2024 entry requirements:

4 Highers at AABB (ABBB for widening access entry) including Biology and Chemistry plus Maths at National 5 at B.

Advanced entry to 2nd year available with Advanced Higher Biology and Chemistry at AB or BA plus Highers at BB plus Maths at National 5 at B.

## SCQF Level

10

## Progression Routes

«ProgressionRoutes»

## Combination Courses

«htmlCombinationCourse»

«htmlCombinationUCASCode»

## Address

Nethergate  
Dundee  
Dundee City  
DD1 4HN
