

Global Mental Health

University of Glasgow

Venues

Gilmorehill Campus

Content

Designed to produce graduates who can take charge of mental health service provision at a global level, helping them develop the knowledge to integrate initiatives into the wider aims of international development, and address global inequities.

By developing the capacity to think critically about the potential risks of globalising notions of mental illness you will gain the skills to develop and implement policies aimed at reducing the burden of mental health difficulties worldwide.

You can exit at the end of 6 months with PgCert Global Mental Health.

You can exit at the end of 9 months with PgDip Global Mental Health.

Start Date

September
