

## Physiology and Sports Science

University of Glasgow

### Venues

Gilmorehill Campus

### Content

Year 1: In your first year you will be given a general introduction to all aspects of modern biology and encouraged to acquire general scientific skills.

You will also study two other subjects in year 1 according to your interests: see Degrees in Arts, Science and Social Sciences.

Year 2: In second year, you will be introduced to the study of human physiology, human anatomy, pharmacology and neuroscience. You will also be able to choose from a wide range of other courses.

You will also study one or two other subjects in year 2 according to your interests: see Degrees in Arts, Science and Social Sciences.

Years 3 and 4: If you progress to Honours (years three and four) you will be able to take courses which integrate the physiology, psychology and biomechanics of sport with statistics, the study of elite performance, adaptations to exercise, causes and management of injury, and the interactions of diet, physical activity and genetics on public health.
