

Global Health Challenges (PgCert)

University of Edinburgh

Venues

Off Campus

Content

The programme is designed to equip those already working in global health and development, or those planning to work with international and national health agencies, with the tools, knowledge and skills to engage with complex problems related to equitable and just health and well-being.

It will also be of immense value for those who:

are interested in global development and aid; are interested in careers in health journalism; work in international business in the health and social care fields; work in corporate social responsibility and sustainability.

You can exit at the end of 2 years with PgProfDev Global Health Challenges.
