

## Biodiversity, Wildlife and Ecosystem Health

University of Edinburgh

### Venues

Off Campus

### Content

This online learning programme provides an interdisciplinary approach to conservation management.

It draws together expertise from within the University of Edinburgh's Global Health Academy and partner global associates, to deliver first class teaching and research in the field of Biodiversity, Wildlife and Ecosystem Health.

You will assess all aspects of ecosystems, aiming to conserve and maintain their sustainability in both the developing and developed world.

You can exit after 1-2 years with PgCert Biodiversity, Wildlife and Ecosystem Health.

You can exit after 2-4 years with PgDip Biodiversity, Wildlife and Ecosystem Health.

You can exit after 2 years with PgProfDev Biodiversity, Wildlife and Ecosystem Health.

### Start Date

September

### Qualification

Postgraduate Master's

### Study Method

Distance and Flexible learning

### Award Title

MSc

### Course Length

2-6 years

### Faculty

College of Medicine and Veterinary Medicine
