

# Transfusion, Transplantation and Tissue Banking

University of Edinburgh

## Venues

Central Campus

## Content

This part-time programme is organised with the support of the Scottish National Blood Transfusion Service (SNBTS). SNBTS has a leading international reputation in the fields of transfusion, transplantation and tissue banking.

The programme has been designed to be aligned to the NHS requirements and stipulations relating to career progression for Biomedical Scientists, Clinical Scientists and other healthcare professionals working in these fields.

The programme will give you in-depth expertise and knowledge of the science, regulations and international practices in transfusion, transplantation and tissue banking, for those aiming for more senior management roles in healthcare organisations.

This programme is accredited by the Institute of Biomedical Sciences (IBMS), the professional body for Biomedical Scientists in the United Kingdom.

## Start Date

September

## Qualification

Postgraduate Master's

## Study Method

Part time (day)

## Award Title

MSc

## Course Length

3 years

## Faculty

College of Medicine and Veterinary Medicine
