

## Imaging

University of Edinburgh

### Venues

Off Campus

### Content

The programme disseminates imaging knowledge, skills and understanding, in order to enable effective and efficient use of imaging, clinically, in research and in industry.

This flexible, intermittent, part-time, online distance learning (OLDL) programme aims to: provide an understanding of imaging theory, techniques, analysis and applications; develop research planning and designing skills, incorporating imaging; enable interpretation and analysis of relevant imaging data; and relate imaging research to clinical applications.

You can exit at the end of 2 years with PgCert Imaging.

You can exit at the end of 4 years with PgDip Imaging.

You can exit at the end of 2 years with PgProfDev Imaging.

### Start Date

September

### Qualification

Postgraduate Master's

### Study Method

Distance and Flexible learning

### Award Title

MSc

### Course Length

6 years

### Faculty

College of Medicine and Veterinary Medicine

### Department

Edinburgh Medical School

## Entry Requirements
