

# Electronics and Electrical Engineering

University of Glasgow

## Venues

Gilmorehill Campus

## Content

This Masters in Electronics and Electrical Engineering provides research informed knowledge in a broad spectrum of specialist topics with immediate application to industrial problems. These topics range from electrical supply through advanced systems control to high-speed electronics. This programme offers a flexible structure that enables both new graduates and more established engineers to tailor their learning experience to meet the needs for their future career.

## Start Date

September, January

## Qualification

Postgraduate Master's

## Study Method

Full time

## Award Title

MSc

## Course Length

12 months

## Faculty

College of Science and Engineering

## Department

James Watt School of Engineering

## Entry Requirements

2:1 equivalent degree (GPA 3.0) in any Engineering Discipline or Physical Sciences/Maths degree that contains the core modules: maths, electronics.

Applicants with a high 2:2 equivalent degree classification but 2:1 standard marks in core modules may be considered for entry.

## SCQF Level

11
