Geography

University of Edinburgh

Venues

King's Buildings Campus

Content

Are you concerned about the impact of climate change, global deforestation, or declining water resources? Are you interested in how landscapes are formed, or how to manage environments from hazards and risks?

Then geography may be for you.

Geography is the study of how our planet works, from the physical forces that shape landscapes to the impact people and climate have on global environments.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

F800

Course Length

4 years

Faculty

College of Science and Engineering

Department

Geosciences
