Primary Education with Teaching Qualification (Dumfries Campus)

University of Glasgow

Venues

Dumfries Campus

Content

You will complete four school placements, all of which are aimed at preparing you for teaching in primary schools. Placements cover all stages of the primary school and each placement has a specific subject focus. Placements will only take place in Dumfries and Galloway local authority schools.

Year 1:
Core areas include child development, literacy, school experience, and mathematics: theory and pedagogy. You can also choose from courses in disciplines such as health and social policy, modern languages, environmental studies, history, literature and philosophy. This gives you the opportunity to add breadth to your degree in subjects relevant to the primary curriculum. There is a six-week school placement during May and June.

Year 2:
Child development, mathematics, school experience and literacy are progressed from year 1. You can choose further courses from our range of elective subjects. There is a six-week school placement during May and June.

Year 3:
Language and literacy, school experience and mathematics continue as core courses, with teachers and teaching, curriculum and assessment being introduced. You will continue your studies in one elective area. There is one six-week placement in semester 2.

Year 4:
You will explore further core courses at Honours level, including your dissertation which gives you the opportunity to research an area of education which interests you personally. There is a ten-week school placement in semester 2.

Start Date

September

Qualification
