Venues

Coatbridge Campus
Cumbernauld Campus
Motherwell Campus

Content

Our HNC Computing will allow you to explore a variety of technologies in this digital world and understand the underlying concepts. You will be introduced to a selection of areas that impact aspects of all our daily lives including Basic Computing Concepts, Coding and Software Development, Networking and Cyber Security, Technical Support, UX design and Web Development, Data Science and Artificial Intelligence.

Each subject area is tailored towards current job opportunities in the industry which will give you the best opportunity to succeed in this dynamic and exciting area of work.

Depending on where your new-found passion lies, there are options for you to progress on to HND level in your chosen subject area(s).
