Content

In just one year, you will explore your creative potential and build on the skills you've developed in your HNC. This dynamic program allows you to craft your unique portfolio around a theme of your choice. Whether you're passionate about painting, drawing, or presentation, our course offers a blend of practical work and theory.

Subjects may include: Enhance your painting skills; Create portfolios for both developmental and observational drawings; Master the art of selecting, framing, and exhibiting your work professionally; Explore art and design context; Conduct research on a chosen topic; Study conceptual development; and explore the role of digital media in art and design.
