Rural Skills (Level 4)

Newbattle Abbey College

Content

The Rural Skills course provides a hands-on introduction to working with the land based in our gardens, woodlands and across the college estate. This practical programme will help you build the knowledge and experience needed to pursue a future in land-based industries or further study.

You will also develop key skills for sustainability, gaining a deeper understanding of the natural environment and how to care for it. From species identification to conservation projects, this course offers a solid foundation for anyone interested in green careers or contributing to a more sustainable future.

You will study:

Rural Estate Maintenance; Rural Work Activities; Developing skills for employment; Intro to the rural environment; Enterprise activity; Structures; Soft landscaping; Communication and IT.
