Content

If you're brimming with creativity and aspire to turn your passion into a career, this Graphic Design and Illustration course is your perfect starting point. This course is tailor-made for budding designers and illustrators looking to embark on an exciting journey into the world of visual creativity.

This course offers a comprehensive foundation in visual arts, including:

Graphic design: Crafting logos, brands, advertisements, and packaging; illustration: Exploring diverse techniques and media, with a focus on children's book illustration; photography and digital imaging: mastering basic camera skills, composition, image enhancement, manipulation, and a creative project like designing a movie poster; animation: creating and animating characters through stop-motion techniques; life drawing: producing detailed studies of various parts of the human figure and drawing live models; exploratory media: trying your hand at different media and materials, expanding your creative horizons; and, art and design software: developing proficiency in industry-standard tools like Illustrator, InDesign, and Photoshop.
