Computing (Level 5)

Glasgow Kelvin College

Venues

East End Campus

Content

This one-year, full-time NQ Computing (Level 5) course builds on introductory skills and introduces new areas of digital design, programming, and networking. You'll gain the technical knowledge and hands-on experience needed to move confidently toward advanced study or a career in the tech industry.

Covering core topics such as software development, robotics, web design, and computer networking, you'll strengthen both your creative and analytical skills while working in a supportive, project-based environment.

Course units include:

Robotics; Games Design and Development; Networking; Web Design and Development; Web Apps: Word Processing; Web Apps: Presentations; Web App: Spreadsheets; Social Media Literacy.
