

Sound Production (Level 5)

Edinburgh College

Venues

Milton Road Campus

Content

Level 5 Sound Production is an innovative, project-based course designed specifically to prepare you with the fundamental knowledge and skills to progress onto NC Level 6 Sound Production or Music. You will be taught by highly qualified, industry accredited lecturers and explore all areas of sound production from both a creative and technical perspective.

Through introductory classes you will develop fundamental skills and knowledge preparing you to progress. You will engage in studio practice and professional practice in recording, mixing, live sound, sound design, audio engineering and music for visual media.
