

Advanced Certificate: Photography

Fife College

Venues

Dunfermline (Halbeath) Campus

Content

Unlock your photography potential with this Advanced Certificate course. Perfect for confident shooters and beginners alike, you will explore new techniques, discover handy tips, and build an impressive portfolio. You will work in the college's studios and on exciting location shoots.

Through practical projects, students develop confidence, techniques, and skills for professional photography. The course covers various techniques, studio and on-location work, and portfolio building for further education and entrepreneurship.

You will study camera techniques, editing techniques, outdoor photography and studio photography. You'll also study through the National Progression Awards in Photography from SQA and you'll prepare for a portfolio and exhibition.
