Content

Our BA (Hons) top-up degree, validated by Kingston University London, is delivered over one year, as opposed to the two years typically required in Scotland. This new and innovative programme is led by you. You will design and deliver individual professional projects in your specialist area, equipping you with the skills and knowledge required to create something of your own in the industry.

BA students specialising in performance students receive 12 hours of one-to-one tuition per year; those specialising in other disciplines receive the same allocation in individual supervision sessions. We have outstanding lecturers and instrumental and vocal teachers, all of whom bring extensive industry experience to bear on their work at college.
