

Sound Production

University of the Highlands and Islands

Venues

Argyll College UHI
North Highland College UHI
Perth College UHI

Content

If you're interested in sound production and engineering and would like to influence the music and sounds we listen to on a daily basis, the HNC Sound Production will give you the basic qualifications required to follow this path.

You could forge a career in studio recording and production, live sound and design, and multimedia application, including digital media, gaming and web sounds.

You will be prepared for all sound production environments, including recording techniques, production methods, live sound, broadcast audio and audio for multimedia.
