Biological/Medical Science Subjects (in conjunction with the University of Aberdeen)

Forth Valley College

Venues

Falkirk Campus

Content

Our Biological/Medical Sciences programme with the University of Aberdeen offers students the opportunity to explore a wide range of biological life sciences and offers the opportunity to specialise in environmental, animal, human, cellular or molecular biology.

Students will spend their first two years at Forth Valley College's state-of-the-art Falkirk Campus completing a HND in Applied Biological Sciences. There will be a strong focus on hands-on learning and developing vital laboratory skills.

Students will then progress to the University of Aberdeen for year three and four, with all students being guaranteed free accommodation.

At this point, students will have the opportunity to select from a wide range of disciplines and can choose to follow any of the pathways below:

BSc Animal Behaviour and Welfare
BSc Biochemistry
BSc Biology
BSc Biological Sciences
BSc Ecology
BSc Molecular & Cellular Biology
BSc Pharmacology
BSc Physiology
BSc Zoology
MA Education (Biology)
All pathways focus on both theoretical understanding and practical skills, with the curriculum equipping students to address complex biological problems, contribute to scientific advancements, and engage in innovative research and development.

Start Date

August

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

8C93

Course Length

2 years

Department

Science

Entry Requirements

2 Highers, preferably Biology and Chemistry; or NC Applied Science (Level 6)

SCQF Level

8

SCQF Points

«SCQFPoints»

Progression Routes

Postgraduate study

Combination Courses
