

Access to Engineering Technology (Level 5)

Forth Valley College

Venues

Falkirk Campus

Content

This course is your foundational pathway into the dynamic and innovative world of engineering. It is specifically designed to equip you with the essential theoretical knowledge and hands-on practical skills required to confidently progress to a specialised Level 6 qualification. You will explore a variety of engineering disciplines in our modern workshops, building a solid understanding of core principles. This programme will not only develop your technical abilities but also enhance your problem-solving skills and prepare you for the next stage of your engineering education and career.

You will study:

Electrical Installation; Electrical Principles; Hand Fitting Mechanical; Welding; Turning/Milling; Numeracy; Communication; Information Technology; Health & Safety; Maths.

Start Date

August

Qualification

NQ

Study Method

Full time

Course Length

1 year
