

## Electrical and Electronic Engineering (Advanced entry)

UHI North Highland

### Venues

Thurso Campus  
Virtual Learning Environment (VLE)

### Content

Electrical and electronic engineering is a rapidly growing field, with expanding opportunities in practically every product from electrical super-grids to nanoscale bio-electronics. This course, which is highly industry relevant will prepare you for a rewarding career in a vast majority of industries from offshore oil to the National Health Service.

The degree is applications-based using specialist software, laboratory investigations and case studies. It will provide you with the specialist knowledge and broad engineering skills required to find innovative solutions to multiple challenges, ranging from solving the global energy crisis to designing life-saving equipment.

### Start Date

September

### Qualification

Degree

### Study Method

Part time (day)

### Award Title

BEng Hons

### Course Length

6 years

### Department

Energy, Engineering and Construction

### Entry Requirements

HNC Engineering Systems, or relevant HNC.

### SCQF Level

10

## Progression Routes
