Content

The BEng Mechanical Engineering degree is a vocational course, meaning it is designed to give you the skills and knowledge you need to make a career in this industry sector. It is also highly practical and will provide you with the specialist mechanical knowledge and broad engineering education and key skills to turn this degree into a lifelong career.

In year three, you will study applied maths, industrial plant and design applications, mechanical engineering principles, energy studies and engineering management.

Start Date

September, January

Qualification

Degree

Study Method

Part time (day)

Award Title

BEng Hons

Course Length

8 years

Department

Energy, Engineering and Construction

Entry Requirements

HNC/HND Engineering Systems or HNC/HND Mechanical Engineering.

SCQF Level

10
