

# Commercial Management and Quantity Surveying

Heriot-Watt University

## Venues

Edinburgh Campus

## Content

Our Commercial Management and Quantity Surveying course is designed to meet the needs of the financial management and quantity surveying sectors. The degree offers a solid theoretical base, combined with a strong focus on industrial relevance. This means that you'll quickly be able to make a positive contribution to the success of your working environment, and the development of your own professional careers. Our students are often recruited by international construction and quantity surveying practices. Graduates also develop careers across different sectors of industry and commerce.

The Commercial Management and Quantity Surveying course is delivered by the Royal Academy of Engineering Centre of Excellence in Sustainable Building Design.

You can exit at the end of 9 months with PgDip Commercial Management and Quantity Surveying.
