

## Civil Engineering

Heriot-Watt University

### Venues

Edinburgh Campus

### Content

First Year: Students study modules that are common across the Programme. It is intended to give students an introduction into the civil engineering industry.

Second Year: Expands on the basics of the First Year:, with subjects such as Advanced Calculus, Geology and Hydraulics.

Third Year: Is concerned with engineering principles - structural steel and concrete design, environmental topics and structures.

Fourth Year: May be taken at a host institution abroad. Alternatively, students can take advanced design practice and the design project, plus more specialist options.

Fifth Year: Students study transportation engineering, as well as exploring geotechnics and structures in more depth. There are also options in this year, allowing students to specialise.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

MEng

### UCAS Code

H201

### Course Length

5 years

## Faculty

School of Energy, Geoscience, Infrastructure and Society

## Department

Civil and Structural Engineering

## Entry Requirements

2020 entry requirements:

Standard entry: 4 or 5 Highers at AABB or ABBBB including Maths plus English at National 5.

Widening access entry: 4 Highers at BBBC including Maths at B plus English at National 5.

For entry to Level 2 you would require 2 Advanced Highers at BB including Maths plus 4 or 5 Highers at AABB or ABBBB.

## SCQF Level

10

## Address

Edinburgh  
EH14 4AS
