

Civil Engineering with International Studies

Heriot-Watt University

Venues

Edinburgh Campus

Content

First Year: First Year: students study modules that are common across the Programme. It is intended to give students an introduction into the civil engineering industry.

Second Year: Second Year: expands on the basics of the First Year:, with subjects such as Advanced Calculus, Geology and Hydraulics.

Third Year: The Third Year: is concerned with engineering principles - structural steel and concrete design, environmental topics and structures.

Fourth Year: Is taken at a host institution abroad either in Europe or North America, as part of an exchange programme.

Fifth Year: Students study transportation engineering, as well as exploring geotechnics and structures in more depth. There are also options in this year, allowing students to specialise.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

MEng

UCAS Code

H2L2

Course Length

5 years

Faculty

School of Energy, Geoscience, Infrastructure and Society

Department

Civil and Structural Engineering

Entry Requirements

2021 entry requirements:

Standard entry: 4/5 Highers at AABB or AB BBB including Maths plus English at National 5.

Widening access entry: 4 Highers at BBBC including Maths at B plus English at National 5.

For entry to Level 2 you would require 2 Advanced Highers at BB including Maths plus 4/5 Highers at AABB or AB BBB.

SCQF Level

10
