

## Mechanical Engineering: Mechanical Maintenance route (Level 5)

North East Scotland College

### Venues

Fraserburgh Campus

### Content

This course will build on welding and fabrication skills and knowledge gained during the SVQ Performing Engineering Operations Level 2 qualification. You will enhance your skills and knowledge on engineering materials, graphical engineering communication, CAD, Prime movers, engineering principles, MIG welding, Dimensional Control, employability skills such as IT, maths, communication and health and safety practice.

You will learn:

Engineering materials; Graphical engineering communication; CAD; Prime Mover; Engineering principles; MIG welding; Dimensional control.

### Start Date

August

### Qualification

NC

### Study Method

Full time

### Course Length

1 year

### Department

Engineering

### Entry Requirements

SVQ Performing Engineering Operations at SCQF Level 5 plus additional Maths unit.

### SCQF Level

5

### Progression Routes

«ProgressionRoutes»

## Combination Courses

«htmlCombinationCourse»

«htmlCombinationUCASCode»

### Address

Gallowgate Centre  
Gallowgate  
Aberdeen  
Aberdeen City  
AB25 1BN
