

Performing Engineering Operations (Electrical)

North East Scotland College

Venues

Aberdeen Altens Campus
Fraserburgh Campus

Content

On this course you will develop essential skills in wiring and testing electrical circuits and programmable controller based systems, and in the maintenance of electrical equipment and systems. You will learn how to work efficiently, effectively and safely in an engineering environment and develop a good understanding of electronic testing and manufacturing, and how to operate Programmable Logic Controllers.

Start Date

August

Qualification

SVQ

Study Method

Full time

Award Title

at SCQF Level 5

Course Length

1 year

Department

Engineering

Entry Requirements

National 4 Maths

SCQF Level

5

SCQF Points

«SCQFPoints»

Progression Routes

NC Electrical at SCQF Level 5 or 6

Combination Courses

«htmlCombinationCourse»
