Content

Want to take your electrical engineering career to the next level? This HNC Electrical Engineering course is ideal if you already work in the engineering sector and would like to develop your existing skills to a higher level.

You'll learn a range of skills that will give you a good grounding as an innovative, future-ready engineering professional.

You'll complete a variety of units such as:

Electrical Machine Principles; Applications of Programmable Logic Controllers*; DC and AC Principles; Application of Electrical and Electronic Instruments; Three Phase Systems; Electricity Power Systems; Electrical Safety; Electrical Networks and Resonance; Engineering Mathematics 1; Communication; Electrical Engineering Graded Unit 1 Examination.

* Not taught at Anniesland Campus.

Start Date

August

Qualification

HNC

Study Method

Part time (day)
Part time (evening)

Course Length

2 years

Department

Electrical and Electronics

Entry Requirements

Higher English, Maths or Physics, or NC Electrical Engineering (Level 6)

SCQF Level

7

SCQF Points

«SCQFPoints»
