Engineering

Open University in Scotland

Content

Explore the creative and analytical world of engineering with this diploma, part of our general engineering programme. You'll gain essential knowledge, techniques, and professional skills while developing your personal planning and problem-solving abilities. Choose from specialist modules in engineering design, electronics, mechanical engineering, environmental technologies, energy and sustainability, or mathematical methods to shape your studies according to your interests. This diploma provides a solid foundation for further study, and on completion, you can progress to a full Bachelor of Engineering degree (BEng) or an Integrated Master of Engineering (MEng), equipping you for a wide range of engineering careers.

Start Date

October, April

Qualification

DipHE

Study Method

Online learning

Course Length

Flexible

Faculty

General

Department

Design, Engineering and Technology

Entry Requirements

There are no formal entry requirements. Computer and internet access required.

SCQF Level

8
