

Engineering

Open University in Scotland

Content

This diploma is part of the general engineering programme. During your study, you'll explore the fundamentals of this creative and analytical subject. You'll develop techniques, concepts and knowledge needed by professional engineers. And choose from specialist modules in engineering design, electronics, mechanical engineering, environmental technologies, energy and sustainability, and mathematical methods.

Start Date

October, April

Qualification

DipHE

Study Method

Distance and Flexible learning

Course Length

Flexible

Faculty

General

Department

Engineering

Entry Requirements

There are no formal entry requirements. Computer and internet access required.

SCQF Level

8

Progression Routes
